

Big Fish Math
 Quick Program Overview

- Students take timed tests
- Each time they complete a test successfully, they earn a "bubble" for their Sticker Board (use Avery dots or our pre-made bubbles)
- After successfully completing 5 tests, they earn a reward (ex: Goldfish Crackers or Swedish Fish).
- If they do not successfully complete a test, they remain on that test until it is mastered
- Pre-made flash cards can be sent home with student for practice
- Students work at own pace, trying to better their own score

* Big Fish Tests *

There are 2 tests per page (A and B). Copy each page and cut down the middle. They are basically both the same, just the order is different. We like to give the student the opposite test if they need to retake it. Once a student successfully passes a test, they move on to the next one.

Order of Tests:

+0	+1	+2	+3	+4	+5
+6	+7	+8	+9	+10	+11 +12

Mini-Mixed: +0,1,2 +3,4

Mixed Tests: 1 2 3 4 5 6

Flash Cards

Copy each set of Flash Cards on colored construction paper. You may choose to pass them out when a student reaches a level (before they take the test) or after they don't pass it for the first time. Students look forward to getting to the next "color" flash cards.
