Forest Art Project

Materials

1 Blue Rectangle	8 1/2" x 10"
1 Green Rectangle	4 1/2" x 9"
1 Dark Brown Rectangle	1 1/2" x 4"
1 Light Brown Rectangle	3 1/4" x 9"
1 Light Brown Rectangle	2 1/2" x 3"
1 Light Brown Rectangle	5 1/2" x 6"
1 Dark Brown Rectangle	2 1/2" x 3"
1 White Rectangle	1 1/2" x 2"

Directions

- Forest Floor:** Place large blue paper on desk in vertical position. Fold brown rectangle in vertical position and tear along one edge to create a jagged line. Glue smooth side to the bottom of the paper.
- Trunks:** Fold green rectangle in half. Cut in half diagonally. Open and cut on both sides to create 4 triangles. Place tree trunks on left side of page and glue triangles on top of the trunk, overlapping slightly of top.
- Scalene Body:** Fold 3 1/4" x 9" rectangle in half. Open and cut out the fold. Place one rectangle on desk. Round at 4 corners of scalene to make its bark.
- Scalene Top:** Take other rectangle and make jagged cuts up both sides of the sides, close to the edges. Fold and glue top of body towards the bottom. Angle the top up and to the side.
