

Dear Families,
We have introduced our "Bubble Gum Math" program to your child. We hope you are proud of your child's progress on a...

Timed Multiplication Math Fact Fluency Program

Bubble Gum Math

Created By Fluttering Through First Grade

Bubble Gum Math!

Quick Program Overview

- Students take timed addition tests
- Each time they complete a test successfully, they earn a "gumball" for their Gumball Machine Board (use Avery dots or our pre-made gumballs)
- After successfully completing 5 tests, they earn a reward (ex: a small pack of sugarless gum, a piece of Bazooka, or a real gumball).
- If they do not successfully complete a test, they remain on that test until it is mastered
- Pre-made flash cards can be sent home with student for practice
- Students work at own pace, trying to better their own score

Rewards/Incentives: Test Storage: Flash Cards: Gumball Machine Boards:

Name: _____

Test x6 _____ /15

Bubble Gum Tests

There are 2 tests per page (A and B). Copy each page and cut down the middle. They are basically both the same, just the order is different. We like to give the student the opposite test if they need to retake it. Once a student successfully passes a test, they move on to the next one.

Order of Tests:

x0 x1 x2 x3 x4 **x5**
x6 x7 x8 x9 **x10** x11 x12

Mini Mixed: x0,1,2 x3,4
x5,6 x7,8 **x9,10** x11,12

Mixed Tests:
1 2 3 4 5 6
7 8 9 10 11 12

○ = indicates reward/incentive test

Bubble Gum Math!

What's Inside

- Quick Overview
- Getting Ready: Preparation
- Step by Step Directions on how to use the program
- Order of Tests
- Family Introduction Letter
- Folder Labels
- Sticker Board
- Certificates to use for incentives
- Labels to use for incentives
- Pre-made dot stickers
- Timed Tests
- Mini Mixed Timed tests
- Mixed Timed tests (2 per page)
- Answer Keys for quick grading
- Pre-made Flash Cards

Flashcards for x5: 5 x 1, 5 x 6

Flashcards for x9: 9 x 1, 9 x 6

Flash Cards

Copy each set of Flash Cards on colored construction paper. You may choose to pass them out when a student reaches a level (before they take the test) or after they don't pass it for the first time. Students look forward to getting to the next "color" flash cards.
