

Ahoy, Pirate Mateys!
Come learn Math Facts with Pirate Math!

Now You're ready
Directions for Pirate Math:

Let's Get Started
Preparation for Pirate Math:

Pirate Math!

"Quick Program Overview"

- Students take Timed Subtraction Tests
- Each time they complete a test successfully, they earn a "gold coin" for their own hoard (use Avery dots or our pre-made coins)
- After successfully completing 5 tests, they earn Pirate Booty or chocolate gold coins
- If they do not successfully complete a test, they remain on that test until it is mastered
- Pre-made flash cards can be sent home with student for practice
- Students work at own pace, trying to better their own score

PIRATE MATH

Timed Subtraction Tests

to practice Math Facts Fluently

Pirate Tests

There are 2 tests per page (A and B). Copy each page and cut down the middle. They are basically both the same, just the order is different. We like to give the student the opposite test if they need to retake it. Once a student successfully passes a test, they move on to the next one.

Order of Tests

-0 -1 -2 -3 -4 -5
 -6 -7 -8 -9 -10

Mini-Mixed: -0,1,2 -3,4
 -5,6 -7,8 -9,10

Mixed Tests:

1	2	3	4	5
6	7	8	9	10

○ = indicates reward/incentive test

Pirate Math Flash Cards

Copy each set of Flash Cards on colored construction paper. You may choose to pass them out when a student reaches a level (before they take the test) or after they don't pass it for the first time. Students look forward to getting to the next "color" flash cards.

Red	-0
Orange	-1
Yellow	-2
Green	-3
Light Blue	-4
Dark Blue	-5
Purple	-6
Red	-7
Orange	-8
