Step 3
Print & Copy

Beginning with cover, flip every other page upside down before copying back to back so your booklet prints right side up.

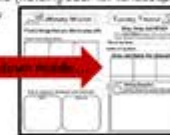

Sliding Through Summer!

Step 4

Fold

Once all of your booklet pages are printed back to back, take the entire booklet and fold it down the middle (holding booklet landscape style). There is a faint dashed grey guide line to help you.

Step 5

Bind

You can staple the spine with a long armed stapler, or just staple close to the spine with a regular stapler. Other options for binding are using a binding comb and machine, punching two holes and tying string, punching one hole and putting it onto a binder ring...Using your own creativity! ©
